

Cloud Communications **BENEFITS**

FOR HOSPITALITY

Everything from cost savings to measurable increases in system reliability, efficiency, and productivity. Keep all of your locations and departments seamlessly connected.

■ **A COMPLETE UC SOLUTION FOR HOSPITALITY**

WORK SMARTER, NOT HARDER

A Unified Communications system has all the benefits a hospitality business could need. But what about day-to-day use in operations?

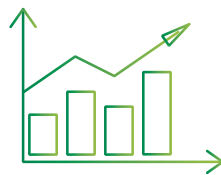

- **Enhance Guest Experience.** Fast access to local restaurants and activities from room.
- **Communicate on the go.** Your work line is accessible from anywhere.
- **Unlock New Opportunities for Innovation.** Generate additional revenue opportunities.
- **Stress-free service.** Dedicated project manager and white-glove deployment.
- **Guest Safety First.** e911 calling from every phone. Full compliance with Kari's Law and the Ray Baum Act.
- **Enhanced Productivity.** Integrations with Property Management Solutions for call reports and metrics.
