

Cloud Communications **BENEFITS**

FOR MUNICIPALITIES

Everything from cost savings to measurable increases in system reliability, efficiency, and productivity. Keep all of your locations and departments seamlessly connected.

A COMPLETE UC SOLUTION FOR MUNICIPALITIES

WORK SMARTER, NOT HARDER

A Unified Communication system has all the benefits a municipality could need. But what about its practical use in day-to-day operations?

- **Keep your personal line private.** A secure phone system with tools to protect privacy.
- **Get to the right person every time.** Better tools for call management and flow.
- **Streamlined communications between departments.** Reach anyone with a desk phone, softphone, and mobile app.
- **Communicate on the go.** Your business line is accessible from anywhere.
- **Stress-free service.** Dedicated project manager and white-glove deployment.
- **Communicate freely with a secure and compliant phone system.** Sleep better at night knowing you're protected.
